Hi

i read this article on yahoo about the fees for recreation and athletics.

here's the link:

<http://ca.news.yahoo.com/s/21082007/3/canada-u-t-collecting-illegal-fees-student-groups-say-court.html>

and what about the university of Guelph?

i' m going to check if the fees for athletics have increased during the summer semester...

anyways, i dont think it's really fair to pay for athletics even if we can't enjoy the facilities:angry: .

one thing is for sure that administration always does what it wants taking student union for granted. No wonder, they can increase any sort of fee without hesitation. Did you compare the compare the current tuition fee for new international students ?
